## REEKS WITH RED TAPE

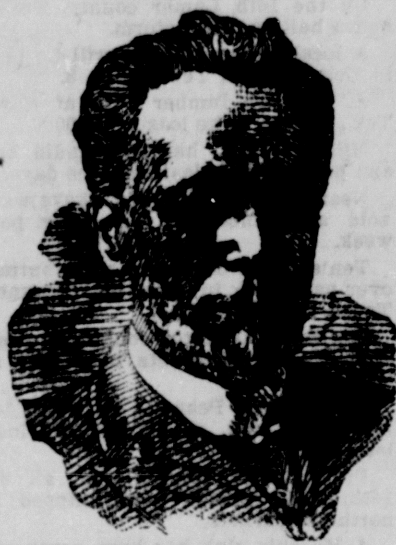

So Declares Senator Teller and He  
Is Applauded.

## LOWEN'S PLAIN TALK

Prominent Cherokee Attorney and  
Aspirant For the United States  
Senate Declares He Is as  
Free as Any Man.

Muskogee, Nov. 17.—The entire time Friday of the Indian affairs committee was devoted to hearing arguments in favor of removing the restrictions placed on the sale of Indian lands. The session was productive of much feeling.

Colonel Robert Lowen, a Cherokee by blood, and a prominent attorney and a candidate for the United States senate, said in reply to a question as to whether he had his restrictions removed: "I am as free a citizen as any on this senate committee. I am a free man. I shall not bow my head to the interior department. I have no personal restrictions. I have never made and will never make application

HENRY M. TELLER.

for the removal of my restrictions. The fault of this government which controls Indian Territory lies in the frailties of human nature, which leads a man to believe that he can govern a people better than they can govern themselves."

Then Senator Teller of Colorado, speaking at great length, declared: "The system is wrong. It is impossible for the secretary of the interior to know anything about it. It's a clerk here and a clerk there. The system is wrong." Senator Teller said that the present law, whereby restrictions are removed from the land of a citizen of the Five Civilized Tribes reeked with red tape. The spectators applauded his remarks.

## DISPENSED WITH.

There Are to Be No More Sponsors and Maids of Honor.

Gulfport, Miss., Nov. 17.—Resolutions to dispense with sponsors and maids of honor at reunions of United Confederate Veterans were adopted by the United Daughters of the Confederacy. The resolutions were introduced by Mrs. Carrington Mason, president of the Sarah Law chapter of Memphis. She offered them, she said, in behalf of more consideration for the veterans. Reunions, she said, are apparently no longer for the entertainment of the veterans, but rather for the entertainment of the sponsors and maids of honor. The large sums raised by the hostess' cities, she said, are expended to give the sponsors and maids the best hotels, while the veterans are lodged in vacant hotels and bedded on cots.

The Georgia division reported that subscriptions are pouring in for a monument to Keeper Wirz of the Andersonville prison, who was convicted and hanged without trial by Federal authorities, and who was afterwards vindicated.

## SHOT FIRERS KILLED.

Two Men Dead and Cages and Ventilators Blown Out.

South McAlester, Nov. 17.—By an explosion in the McAlester Coal Mining company's mine at Buck C. A. Withers and Sam McKinney, shot firers, were killed. The mine was partially wrecked. The cage and the ventilating apparatus were blown out. Rock, coal and debris were hurled high. The shaft is 650 feet deep.

## Had a Rush Coming.

New York, Nov. 17.—Hundreds of panes of glass were shattered, several doors blown from their hinges and hundreds of persons clad only in their nightclothes rushed into the street in a panic early Saturday when a bomb exploded in the hallway of a tenement house at 33 Stanton street. That the perpetrator is an agent of the Black Hand society is the theory of the police.

## EXTENSIONS TO GULF

Importance of the Traffic Movement  
Is Emphasized.

## ROADS ARE BUILDING

Rock Island, Santa Fe and the Missouri, Kansas and Texas Systems Engage In Construction Work.

Baltimore, Nov. 17.—"The urgent demand for railroad extensions to ports on the Gulf of Mexico coast emphasizes the importance of the traffic movement in that direction," says the Manufacturers' Record. Continuing, it says:

"Typical of this movement toward the gulf are the developments of the past four years, which, brought to full completion, will give the Rock Island system a short and excellently constructed line between Denver and other western points and Texas' great tidewater port. The construction of the Colorado Southern, New Orleans and Pacific railway, which is to be a through line from a connection with the Trinity and Brazos Valley railway to New Orleans, is being rapidly built, and will give the system another outlet at a gulf port. The system is also constructing a line of its own southward via Alexandria and Eunice, La. In a direct course to the gulf coast of Louisiana. Moreover, the Santa Fe system, which has long enjoyed the facilities of Galveston as a port, is now engaged in building a cross-country line in the western part of Texas, a road which will finally connect the system so as to form a shorter route from the New Mexico and Colorado lines to the gulf. It is also credited with having plans under way to enter New Orleans, and the Jasper and Eastern railway, a lumber road which the Santa Fe is constructing, will, it is believed, prove to be the route either by an extension or by connecting up with some other projected road now apparently independently planned. The Missouri, Kansas and Texas is likewise feeling its way toward the Crescent City, but lately it has been intimated that these two roads, as well as the Kansas City Southern, would effect arrangements to enter New Orleans over William Edenborn's route, the line of the Louisiana Railway and Navigation company, which is just receiving its finishing touches and which was formerly known as the Shreveport and Red River Valley railway."

## COAST ARTILLERY.

General Hall Devotes Much Space In Report to This Subject.

Washington, Nov. 17.—Brigadier General Hall, in his annual report for the department of the gulf, with headquarters at Atlanta, devotes much space to the subject of coast artillery. He says the redistribution of coast artillery is of pressing importance and earnestly recommends this "with a view to greater economy, administration of better discipline and signally increased efficiency, which would surely result in the concentration of these troops in main posts." General Hall recommends that coast artillery troops be sent to camps of instruction to serve with infantry, cavalry and field artillery, and thereby get a knowledge of field exercises and camping and caring for themselves.

## WOMAN DIES SUDDENLY.

Esther Mitchell With Mrs. Creffield When Death Summoned Latter.

Seattle, Nov. 17.—Mrs. Maud Creffield, held in the King county jail as an accomplice in the murder of George Mitchell in the union station July 12, died suddenly in bed. Esther Mitchell, who shot her brother, was in the same bed with Mrs. Creffield when the latter was stricken. Deputy Coroner Wiltsie believes the woman died from heart failure. Maud Burt Creffield was the wife of Joshua Creffield, who was shot by George Mitchell, who believed Creffield maltreated his sister, Esther. Esther later shot George. She and Mrs. Creffield were arrested for the crime, both women confessing that they had done it to avenge the death of Joshua.

## Disastrous Prairie Fire.

Tulsa, I. T., Nov. 17.—A disastrous prairie fire near Tulsa swept clean a track four miles long and a mile in width, doing thousands of dollars' worth of damage to crops. Several small buildings were burned, and a number of farmers had narrow escapes from losing their all. There were no fatalities.

## Mrs. W. H. Clayton Dies.

South McAlester, Nov. 17.—The wife of United States Judge Clayton died at Mercy hospital here of paralysis. The remains were sent to Fort Smith for interment.

## Inspected Culebra Cut.

Panama, Nov. 17.—President Roosevelt inspected the Culebra cut. He spent some time in the deep portions.

Men's Furnishers

Miss Maggie McDougald, sponsor of Company "D" of the A. and M. College corps of cadets, entertained the officers of the company and a number of young lady friends at the home of her mother, Mrs. N. M. McDougald, Friday evening. Red and white decorations prevailed, with roses, chrysanthemums and pot plants effectively employed, and the college colors brought out in ribbon streamers and pennants. Contests and games made a pleasant program of amusements. In a book contest, the questions being in a pretty handpainted book bearing the names of the hostess and the company, Mr. Beene received the gentlemen's prize, "Reveries of a Bachelor," presented by Miss Gussie Buchanan. The young ladies' prize, another pretty book, went to Miss Helen Bittle, and was presented by Miss Malcolm McInnis. A two course luncheon was served, and the table banked with white and red chrysanthemums and roses, with a great pumpkin in the center, suggestive of the Thanksgiving season. Ribbons led from the plate of each guest to the pumpkin, and on being pulled were found to be attached to walnut shells concealed within, and these in turn concealed proposals which were read by the young men and answers by the young ladies. Silver candelabra, holding red and white candles, adorned the ends of the table. The place cards were little pumpkins, while a Japanese umbrella canopied the table and held Japanese lanterns. Present were: Misses Harbers, Betts, Griffith, Louise Harris, Hudson, Adams, Malcolm McInnis, Lucy Board, Bittle, Garth, Cora Garth, Conway, Gussie Buchanan, McDougald, Major Moore, Adjutant Black, Capt. Wessendorf, Lieuts. Seward, Cunningham, Sargeants Adams, Bean, Jones, Netherwood, Corporals Smith, Taylor, Weir, Hildenfels, Maurin, Kerr, Rife.

The Embroidery club was very highly entertained Tuesday afternoon by Mrs. J. Webb Howell, in her pretty new home. The library and diningroom were decorated with pretty roses. At a suitable hour refreshments consisting of plum pudding and hot chocolate were served. A most delightful afternoon was spent by all present, as is usual when Mrs. Howell is hostess. There will be no meeting of the club this week.

Monday, November 19, will be the golden wedding anniversary of Mr. and Mrs. C. A. Patterson of this city who were married fifty years ago in Concord, N. C. They came to Bryan thirty-seven years ago, and have resided here continuously since. Lives of industry and usefulness have contributed not only to their own happiness, but that of all with whom they have been associated in the community relationships of life. Honored and respected by everybody, their many friends hope that many other anniversaries may pass over their silvering heads before they are separated here to be united again beyond the still waters in the land of the life eternal.

## NO HUNTING ALLOWED.

Notice is hereby given that no hunting allowed on all lands owned by the undersigned, lying east of Bryan, and all persons will govern themselves accordingly. Jacob Luza, Vince Luza.

## IMMENSE CONTRACT.

Calls For Construction of Sixty-Six Hundred Refrigerator Cars. San Francisco, Nov. 17.—The Southern Pacific railway has awarded a contract for 6,600 refrigerator cars to be delivered at the rate of 1,000 per month beginning with January. The refrigerator cars now in use over the company's lines are Armour cars, and the Harriman lines will now own and operate their own refrigerator cars.

## RAIDERS CAPTURED.

Leader and His Followers Fall Into the Hands of Colonial Patrols. Cape Town, Nov. 17.—Ferreira, the leader of the Boer raiders from German Southwest Africa into the northern part of Cape Colony, and his followers have been captured by colonial patrols.

## Large Company Incorporated.

Albany, Nov. 17.—The New Orleans and Tampa Navigation Company of New York, which will operate steam vessels in the Gulf of Mexico between New Orleans and Tampa, was incorporated here with a capital stock of \$500,000.

## Arrested in Hotel.

Albany, Nov. 17.—Francis E. Moran, one of the principal figures in the Story Cotton company failure in Philadelphia in 1905, was arrested in the lobby of the Genesee hotel.

## Serious Charge.

Fort Worth, Nov. 17.—Robert Bowles, charged with robbery, waived examination in Justice Rowland's court and was bound over in the sum of \$1,000. The defendant is charged by J. M. Thomas with taking \$12 from him by force.

## BREVITIES BUNCHED.

## GREAT VAN ANBURG SHOWS.

Waterproof Tents—Rain Will Not Spoil  
the Exhibition.

An advance notice says:

A sudden downpour of rain or a long continued drizzle will have no effect on the patrons of the great Van Amburg Shows when it exhibits here. The reason of this will be apparent to everyone who sees the huge tents that will be erected here for the performance. They are all constructed of "mercized" ducking. This marvelous invention for the waterproofing of material has been in use for rain coats, but up to this year has never been used for tents. People who have used "mercized" cloth know how it sheds water, and it was the knowledge of this that caused the Van Amburg Shows to have all their tents made out of this material. It is quite a stride in advance of other shows, but it is only in keeping with the progressive management of these shows. Beneath these tents spectators can sit in comfort and ease during the heaviest of rains and be as dry as if in the finest theater in the country. This is only one of the many novelties that have been added to these shows this season. It is respectfully suggested that the children attend the afternoon exhibition, where ample time is given to view the large menagerie, likewise avoiding the night crowds. Uniformed ushers will attend every want of the little folks, and the care and attention paid to ladies and children is the first consideration of the management.

The last big circus that will visit here this year is the great Van Amburg Shows, and the date is Wednesday November 21.

## THE NEW VISIBLE

## At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves  
the Objections That Have Always Heretofore  
Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desir-  
able by practically all typewriter manufacturers, but the  
difficulties to be overcome in construction in order to secure  
durability have discouraged the very large adoption of these  
machines. The invention of the method of assembling the  
type bars as it is done in the Fox Visible has, however, made  
possible the use of a wide pivotal bearing in the type hanger,  
thus insuring the most perfect alignment at all times and a  
durability that is equal to that claimed for any "basket type"  
machine. In building this new model, we have all the advan-  
tages of the knowledge that we have gained in building and plac-  
ing the regular Fox models on the market and we are able to  
avoid all those experiments found in new machines which are so  
expensive to the purchaser.

## Here is a Short Description.

**THE TYPE HANGER**—The hanger has a  
pivot bearing 7-16 of an inch wide. This allows the  
use of a heavy type bar, providing an adjustable pivot  
bearing which takes up wear as it occurs, thereby giving  
a permanent alignment that is impossible to secure with a  
narrow bearing without adjustment, and avoiding the  
trouble caused where "forced alignment" is necessary.  
This is the feature that has heretofore been considered as  
being impossible to secure in a visible writing typewriter.  
It is found only in the Fox and places the Fox Visible  
in a class by itself.

**TWO COLOR RIBBON**—The ribbon movement  
on this machine is simply perfection. It reverses and os-  
cillates automatically, requiring no attention from the op-  
erator from the time it is put on until worn out. When  
a two color ribbon is used, by simply touching a button  
on the keyboard the second color is secured instantly  
without raising the hand or even looking.

**THE INTERCHANGEABLE CARRIAGE**—  
The carriage is so constructed that it can be quickly re-  
moved and a carriage of different length substituted. One

Every feature on this machine has been tried out and  
demonstrated as successful on the Regular Models of the Fox.  
Unprejudiced experts have without hesitation pronounced the  
machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot  
we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their  
kind and their manufacture will be continued as before.

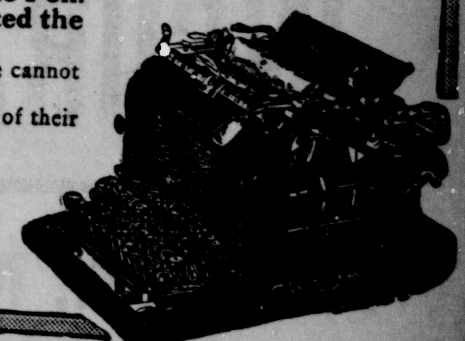

machine can be purchased with different sizes of carriages,  
thereby effecting a great saving over the ordinary method  
of buying a long carriage machine complete. The car-  
riage is ball bearing and runs with a tension of only 1 lb.  
**PERFECT VISIBLE WRITING**—The entire  
line is visible all the time.

**THE KEY TENSION**—The force required on the  
part of the operator to print a letter is only 2 1/2 ounces.  
This is from 25 to 50 per cent. less than any other. It  
is a vital thing both from the operator's standpoint of  
less fatigue and the owner's of greater durability.

**THE LINE LOCK**—When the carriage reaches  
the end of a line, the keys lock and nothing more can be  
written until the release button is used or the carriage  
returned to begin a new line.

**ALUMINUM KEY LEVERS**—Key levers are  
made of aluminum. It is more expensive than steel or  
wood, but it is very much more desirable.

**TABULATOR**—The Fox ten stop decimal tabulator  
is attached when ordered, at slight additional expense. It  
is the only decimal tabulator in use on a visible typewriter.

## FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C., Nov. 17.—Last bulletin gave forecasts of disturbance to cross continent 15 to 19, warm wave 14 to 18, cool wave 17 to 21. Next disturbance will reach Pacific coast about 19, cross west of Rockies country by close of 20, great central valleys 21 to 23, eastern states 24. Warm wave will cross west of Rockies country about 19, great central valleys 21, eastern states 23. Cool wave will cross west of Rockies country about 22, great central valleys 24, eastern states 26.

This disturbance will be of more than usual force, and temperatures of the 5 day period will average lower than usual. Not far from Nov. 17 the atmospheric elements will seem to be animated by forces of increased vigor and this condition always brings colder and more unpleasant weather in the winter season. Following Nov. 17 I cannot promise anything good in the weather line during balance of the month.

Sixth disturbance will reach Pacific coast about 24, cross west of Rockies country by close of 25, great central valleys 26 to 28, eastern states 29. Warm wave will cross west of Rockies country about 24, great central valleys 26, eastern states 28. Cool wave will cross west of Rockies country about 27, great central valleys 29, eastern states December 1.

This disturbance will be like the one preceding it till after it shall have crossed Meridian 90, moving eastward. About Nov. 28, as this disturbance approaches the eastern states, and provinces, and when the disturbance following it will be on the Pacific slope, all weather events, whenever located all around the earth, will greatly increase in intensity. The warm waves will bring very much higher temperatures than are expected from the preceding warm wave. The cold wave that is expected to reach Meridian 90 near Nov. 29, will be a fierce winter storm and blizzard.

Next bulletin will give a general forecast of the principal December weather events and a forecast in detail of the first weather event in that month.

Look eastward after sunset and you will see the King of our planetary system, Jupiter. The earth is going toward him. Beyond Jupiter is Neptune. Look westward just after sunset and you will see the Queen of our solar system, Venus. Beyond her is the fleetfooted planet Mercury coming this way. These four planets will have much to do with our weather to the end of December.

### SPENT BUSY DAY.

President Saw Much of the Canal and Famous Culebra Cut.

Colon, Nov. 16.—President Roosevelt spent a busy day on the Isthmus of Panama Thursday, and settled for the night at the Tivoli hotel on the line of the canal. He crossed from Colon to Panama, seeing much of the canal and the famous Culebra cut on the way. He has taken a trip around Panama bay and he has been entertained in Panama City, which lies outside of the canal zone. The trip across the Isthmus was made slowly in order to permit the presidential party to have a good look at all the points of interest along the route. Several stops were made, and at each station school children came down and sang patriotic airs.

The presidential party's train arrived in front of the Tivoli hotel at 10:30. Here President Amador left the party and went to Panama, while the American president continued to La Boca, the Pacific entrance to the canal. Here President Roosevelt boarded the steamer Solimar, made a trip around Panama bay and came back to La Boca for luncheon.

In the afternoon the president came from La Boca to Panama City. He drove from the railroad station to the Cathedral plaza, welcomed all the way by the cheering of the crowd. At the plaza President Amador delivered an address of welcome, and President Roosevelt replied. The president, escorted by the officials of Panama republic and a bodyguard of 200 mounted members of the Panama aristocracy, then returned to the Tivoli hotel. President Roosevelt was welcomed by unbounded enthusiasm by the people of Panama.

### Lonely Man in a Crowd.

"Once in a great while," remarked the old New Yorker, "I have been caught out on Broadway in the theater district just as the women and girls were coming out from the matinee performances. In spite of the fact that there are always a great many men in this crowd the proportion of femininity is overwhelming, and I've been puzzled to find a satisfactory reason for my sense of confusion and embarrassment. But now I know just how I feel and why I have the emotions that always beset me so keenly there at such a time. I am simply suffering in the way a man always does who goes to an afternoon tea and finds himself the only one of his kind who has appeared on the scene."—New York Press.

### OUT OF SORTS.

People Not Really Sick Are Often Most In Need of Care.

The people who actually are most in need of kind words and medical treatment are not those who are really sick, but just "out of sorts."

The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are flagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore strength and health.

When the nerves and muscles are weak, if there is sleeplessness, irritability, and specks before the eyes, when the head aches and there is a dull pain in the back, and there is any distress and heaviness in the stomach, dizziness, and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.

These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.

A large box of Mi-o-na stomach tablets is sold for 50 cents by E. J. Jenkins with an absolute guarantee that they will be successful in curing digestion and restoring health, or the money will be refunded. Ask him to show you the liberal guarantee he gives with every 50-cent box of Mi-o-na.

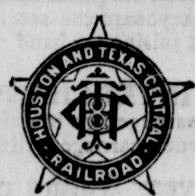

### Over and Above.

"Mother, does Dr. Smith wear his everyday clothes under that long white gown when he preaches?" asked a little girl who had seen the edge of the minister's trousers under his robe. "Yes, dear," was the reply. "Well," she continued, "now I know why it is called a surplus."—Harper's Weekly.

### Good For Luncheon.

"At luncheon I had something which was excellent, but not substantial." "What was it?" "An excellent appetite."—Il Diavolo Rosa.

The two greatest stimulants in the world are love and debt.—Beaumont.

**INSPECTORS CONFER.**  
Discuss Question of an Alleged Revolutionist's Extradition.  
El Paso, Nov. 17.—Inspectors Shumanter and United States Immigration service at this point held an important conference Thursday relative to the case of Antonio Villareal, the alleged revolutionist, whose extradition is demanded by the Mexican government on the charge of murder, alleged to have been committed in Mexico two years ago.

Villareal's deportation has been ordered by the department of commerce and labor on the grounds of his being an alien and inciting revolutions. The inspectors decided to refer the matter back to the department.

**SMALLER BALES.**  
Committee of English Cotton Spinners Meets Cotton Planters.  
Shreveport, Nov. 17.—A committee representing cotton spinners of Manchester, Eng., was in Shreveport conferring with cotton planters with the view of having cotton bales made smaller and more compact. A number of plantations near the city were visited. The committee went from here to the southern part of Louisiana.

**DIES IN CHAIR.**  
Second Sudden Death In a Family During One Week.  
Lancaster, Tex., Nov. 17.—A Deam, an old citizen of Lancaster, died of heart failure. He was sitting in his chair at the home of Mrs. Moffett, his daughter, at the time.

A sad and remarkable coincidence is that there have been two deaths from the same disease within a week. Each deceased party was sitting in a chair when the fatal summons came. Joe U. Moffett, Mr. Deam's son-in-law, was the other who passed away.

**GOVERNMENT SUES.**  
After Railroads For Not Providing Proper Safety Appliances.  
Waco, Nov. 17.—A number of suits against various railroad companies have been filed in the Federal court of Texas during the past few weeks for failure of the railroads to provide proper safety appliances for freight and passenger cars. It is said the government will make a strong effort to have this law enforced. The great demand for cars is said to be the cause of the roads using some that are unfit for service.

**BIG DOCK FIRE.**  
Naples Is Visited With a Tremendous Conflagration.  
Naples, Nov. 17.—A conflagration raged on the docks here, and the damage is estimated at \$600,000. Most of the ships in the harbor cleared for the open sea.

**MOTORMAN'S CLCSE CALL.**  
Car Ran Away and Left Track, but He Held to the Floor.  
Montgomery, Ala., Nov. 17.—A street car, the control of which had been lost by the motorman, dashed three blocks down Postoffice hill, crashing into another car on a switch, leaving the track for 100 feet on the street and winding up in a wreck. Allen Carleton, a postal carrier, and Charles Johnson were seriously hurt. Several others were injured. Motorman Gordon Arberry stuck to his post, and when the car left the track was thrown over the front platform. As he fell he caught the floor and was dragged 100 feet, thus hanging with his body under the car. Only his grim hold saved his life. Failure of a hand brake to work caused the accident.

**NECK BROKEN.**  
Nuck Horton Thrown Out of Wagon and Death Instant.  
Dallas, Nov. 17.—Nuck Horton, a prominent farmer, who resided near Grand Prairie, in the western part of this county, was thrown out of his wagon in a runaway. Mr. Horton's neck was broken. He was thirty-four years old.

**Enormous Wool Deal.**  
San Angelo, Tex., Nov. 17.—A firm has sold 185,000 pounds of wool to Boston parties at from 17 to 19 cents per pound.

**Play Not Prohibited.**  
Fort Worth, Nov. 17.—Mayor Harris refused to grant protest of 100 negroes against the presentation of "The Clansman."

**To Investigate Rubber Shrub.**  
Austin, Nov. 17.—Land Commissioner Terrell is in west Texas investigating the guayule industry.

**Splendid Showing.**  
Dallas, Nov. 17.—There is over \$22,000,000 on deposit in Dallas banks.

Artesia, N. M., is to have \$50,000 waterworks.

**TALK OF CONSUMPTIVES.**  
Texas Doctor Said States Should Care For Indigent Ones.

New York, Nov. 17.—A discussion of state and municipal sanitariums opened the final session of the American Congress on Tuberculosis at Hotel Astoria. Dr. D. M. Smith of Austin, Tex., declared that every state should have municipal institutions for the care of indigent consumptives until they could be cared for in a state sanitarium.

Dr. C. M. Amende of New York said that some provision should be made for assisting indigent consumptives to get into the country where they should be in the open air. "If there was another man who was as crazy on the subject of consumption as Mr. Carnegie is on the subject of libraries," said Dr. Amende, "much might be accomplished."

Dr. George Tabor, state health officer of Texas, and Dr. Irion, president of the Louisiana state board of health, discussed the treatment of tuberculosis among negroes.

Resolutions adopted recited the belief that "It is the imperative duty of all civilized governments to take immediate action for the arrest of the spread of this scourge, and so far as lies within the power of sanitary science and human endeavor to eradicate it; and, further, that it is the sense of this congress that every government should appoint a commissioner of the public health, with a seat in the cabinet, and give adequate authority to accomplish the desired ends in suppressing tuberculosis."

The resolutions also demanded that in all states and territories boards of health be given authority to formulate and enforce a code of regulations for the prevention of the ravages of the fatal scourge. President Peabody of the state board of health of Connecticut declined to serve, and I. H. Irion of New Orleans was unanimously elected president. He thanked the convention, and said he had hopes of establishing a big sanitarium in Louisiana.

The following were elected vice presidents: Dr. George R. Tabor of Texas; Dr. Charles K. Wood Fassett, Missouri; Dr. F. B. Fesse, New Mexico; Dr. W. F. Dewey, Virginia; Dr. W. A. McDonald, West Virginia.

Dr. M. A. Smith of Texas was chosen secretary and treasurer. Invitations were received from New Orleans, Atlantic City and Norfolk, Va., to hold the next session of the congress there, but the selection was left to the newly elected officers.

**PLATT MAY RESIGN.**  
New York Publication Says He Will Retire From the Senate.  
New York, Nov. 17.—Thomas C. Platte's resignation from the United States senate is said to be ready for filing with Governor Higgins, says the Evening Post. "He has," declares the

**SENATOR PLATT OF NEW YORK.**  
Journal, "decided to retire from public life. Recent disclosures concerning the senator's domestic troubles, added to his increasing age, are declared to have forced him to the decision to relinquish his office."

**BISHOP RESTED EASIER.**  
Lodgment of Chicken Bone Below Tonsils Produced Abscess.  
Tulsa, I. T., Nov. 17.—Bishop John J. Tigert of Louisville, who is ill here, rested easier Saturday, but was still in a critical condition, according to a statement by his attending physicians. The physicians say that Bishop Tigert's illness was caused by the lodgment of a piece of chicken bone just below the tonsils, which, after dislodgment, produced an abscess which may cause general inflammation of the throat, resulting in blood poisoning. Dr. Hollander M. Tigert of Nashville, a son of the bishop, has arrived.

**CONSULS TOUR STATE.**  
Gathering Information to Be Used in Locating Immigrants.  
Shreveport, Nov. 17.—Veran Dejoux, consul of France; Luigi Villari, vice consul of Italy; S. Cogaard, consul of Denmark, and J. Rodriguez, consul of Spain, all stationed at New Orleans, arrived in Shreveport on a tour of the state for the purpose of gathering information of benefit to their countries in matters pertaining to locating immigrants. The visitors, after a drive over the city, were tendered a reception and banquet.

**REINSURED RISKS.**  
German Insurance Company of Freeport Places Business With Royal.  
Louisville, Nov. 17.—Commissioner of Fire Insurance Field received advice that the German Insurance company of Freeport, Ill., had reinsured its business with the Royal Insurance company of Liverpool, Eng. The German sustained losses approximating \$6,000,000 in the San Francisco conflagration, and since that time has been in negotiation with organized policy holders for settlement at 60 cents on the dollar.

**WORK WAS TREBLED.**  
This and Considerable Criticism Caused Commission to Resign.  
Montpellier, Vt., Nov. 17.—Vermont's cattle commission, which recently resigned as the result of criticism in connection with the investigation into the sale of diseased cattle for alleged food purposes, cost the state \$82,732, according to its biennial report, just published. The report states that a largely increased number of farmers asked for inspection, trebling the work.

**COSTLY COLLISION.**  
Motorman Loses His Life and Thirteen Passengers Injured.  
Pittsburg, Nov. 17.—A motorman was killed and thirteen passengers more or less seriously injured in a collision of street cars. A car struck a delivery wagon, and while the crew of the car were clearing the wreck a car following, in charge of Motorman Andrew J. Collins, crashed into the wreckage, killing Collins.

**DYER INDICTED.**  
Charged With Alleged Complicity In Subtreasury Shortage.  
St. Louis, Nov. 17.—The Federal grand jury returned an indictment against Receiving Teller D. P. Dyer, son of United States Attorney D. P. Dyer, in connection with the shortage of \$61,200 in the local subtreasury. The charge against Dyer is embezzlement. Mr. Dyer was arrested. He gave bond in \$10,000.

**Forest Fires Rage.**  
Denison, Nov. 17.—Destructive forest fires are raging in the eastern portion of the Choctaw nation. The immense woods of Clear and Muddy Boggy are on fire. Hunting parties were obliged to flee for their lives.

**Rain, Hail, Wind.**  
Memphis, Nov. 17.—A heavy rain, hail and wind storm swept the greater part of west Tennessee, north Mississippi and eastern Arkansas early Saturday, causing a number of washouts on railroads.

**Destructive Hailstorm.**  
Greenville, Tex., Nov. 17.—The Celeste section of Hunt county was visited by a terrific hailstorm. Window glasses were broken and cotton badly damaged.
